

LCS230 Coin Sorter

The LCS230 coin sorter is a belt driven coin sorter with a large manual feed hopper. Up to 3000 mixed coins can be placed into the hopper and fed into the machine. Coins are sorted in to the correct denomination drawers for customer retrieval. Foreign or badly damaged coins are off-sorted using the latest detection technology into a reject tray for inspection.

The LCS230 has a 5" LCD alpha-numeric display, clearly showing the operator total count value, total no. of coins counted and will alert operator when batch quantity on any given coin has been reached. Error messages are displayed as text rather than as a numeric code.

The LCS230 is available in Sterling or Euro variants.

UK release date: August 2006

Features and Benefits

Detection

Diameter	14-34 mm
Thickness	1-3.2 mm
Coin denominations	8 denominations
Form of counting	CC / PC Coinsure
Display	120mm Alpha-Numeric

Capacity and Speed

Capacity in hopper	3000 coins
Sorting speed	600 coins per min

Technical Data

Dimensions (w/l/h)	680 x 490 x 302 mm
Weight	30.0 Kg
Power consumption	80w
Power supply	110v/60Hz-240v/50Hz

Options

RS 2322 Interface
Receipt Printer
