

LCS36 Bank Note Verifier

The LCS36 Bank Note Verifier has the latest counterfeit detection methods for a maximum 6 currencies in any combination from minimum selectable 30 different currencies including:

- ✦ Euro (EUR)
- ✦ US Dollar (USD)
- ✦ British Pound (GBP)
- ✦ Canadian Dollar (CAD)
- ✦ Japanese Yen (JPY)
- ✦ Hong Kong Dollar (HKD)
- ✦ Renminbi (CNY)
- ✦ New Taiwan Dollar (NTD)
- ✦ Swiss Franc (CHF)

It simply identifies the forged bank notes, using the highest accuracy checks and easiest process. Suspect bank notes will issue a "beep" and error message. It can also verify the value of the bank note and a grand total (up to 5 digits).

The LCS 36 is a professional multi-currency detector for banks and currency exchange bureaus to small retail outlets.
